

TNS 2008 China Affluent Market Survey Introduction

A background image featuring several red Chinese lanterns with gold calligraphy. The lanterns are hanging and slightly out of focus, creating a warm, festive atmosphere. The text is overlaid on the center of the image.

The Chinese affluent market is surging!

But, on the other hand, you as a marketing manager in financial service industry may always be obsessed with those seen-everywhere questions ...

Who are they?

How many are they?

Where are they?

Even more questions in your mind...

How do they use and see your financial products and services and your competitors'?

How do they invest and manage their assets?

How do they live their life?

What do they really need from you?

How can you reach them?

.....?.....?

**The 1st study in China to answer all your
above questions regarding the affluent!**
